ok- he hasn't used it in years and it'd be ok to start fresh if that matters.
he doesn't really have anything much to save.

Yes, once the new iPad comes in, we will swap the iPads and I will transfer the proloquo data over to the new iPad so student can continue using the same proloquo setup.

Thanks!

OK- thanks so much. Denise- can you help w/the tech purchase request process (is it SETT)?

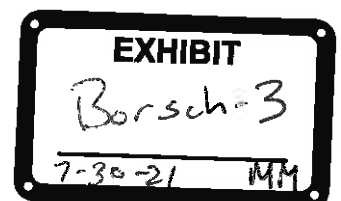

What should I do w/ this ipad? Should it be returned to you?
thanks,
Deb

Hello Deb,

We have tried locating that iPad for a while and ended up marking it as missing..
The iPad will need to be replaced since it is an old unsupported version.
A tech purchase request ticket will need to be submitted.

Thanks!

Hi Julian!

The ipad that Alex LePape had been using (since at least 9th grade) is under this name:

BC-KOSMACHEV,ARKADY

serial #. DN6HPMPKDFHW

the proloquo to go version is 3.05

thanks!

Deb
